Here is the latest update for the Pickleball Club:

ERNE Training: There are two more opportunities this month to get certified to use the ERNE ball machine: June 11th and June 25th. From 9am to 11am. Use SignUp Genius to register.

ERNE Training: As we need to control the use of ERNE and extend its use beyond the 3-year warranty period, we have set up procedures to train our members on the safe and proper operation of the machine. There is a misconception among some members that once you are certified, you can then certify others and give them the combination to the shed that holds the machine. **This is not the case.** Only certified instructors are authorized to teach participants and upon completion of the training, give out the combination to the shed. Please refrain from sharing this combination with non-certified members or else we might find ourselves in a situation where the ball machine gets damaged because of improper use or someone gets hurt. It is anticipated that there will be two training sessions per month, so there should be ample opportunities to get certified if you so desire.

Tournaments: The tournament committee met yesterday and is in the initial planning stages of holding two tournaments: one in early November and one in late January 2026. More information to follow.

Summer Play: As the temperature and humidity increases, please remember to hydrate and take frequent breaks when on the courts.
